

United Talent Staffing Executive Placement Services

The Right People. **Right Now.**

Professional openings on your management team can be a time-consuming, expensive and stressful challenge...or a fresh and stimulating opportunity. Let's keep it positive! Rely on United Talent Staffing's Executive Placement service to fill your next executive opening.

Why Work with United Talent Staffing for Executive Placement

- **Access Top Candidates.** Recruiting is what we do - 24/7/365. Our pipeline of active and passive job seekers, as well as our network of influencers, means we can find candidates you may miss. This is especially critical in tight labor markets.
- **Reduce Time-to Fill.** We handle the time-consuming details of advertising; reviewing resumes; conducting interviews, reference checks, and screenings; and validating education and skills. In short, you'll save time.
- **Save Money.** Open positions hurt productivity and profitability. Outsourcing your Executive Placement allows your team to stay focused on the business while we do the legwork, all for a single, comprehensive fee.
- **Reduce Hiring Risk.** Hiring the wrong person can be disastrous to morale, and to the bottom line. Our Executive Placements come with a negotiated guarantee: if the individual doesn't work out, we will repeat the search or refund your fee. We'll also ensure the hiring process is compliant with local, state and federal guidelines.
- **Leverage our Expertise.** Our service can extend beyond recruiting. We can also help determine market rate salaries, write job descriptions and design competitive compensation packages.
- **Ensure the Right Fit.** The right person for your team must be a fit for your culture. We'll get to know you well enough to make that right fit, build enthusiasm for your brand, and encourage commitment to your organization.

Take the Next Step

Contact our Executive Placement recruiter **Katie Clark** at kclark@utalent.com or call 681-340-1759. She'll answer your questions, explore possibilities, and start working to find the newest member of your professional team!
